Murray, _____ - General

Chester, Jennifer <Jennifer.Chester@aecom.com>

Fri, Sep 11, 2009 at 4:36 PM

To: info@socotransmission.com

Returned call on 9/11/09.

I-172-001

Mr. Murray lives near the intersection of Highway 160 and 150 in subdivided area just west of the intersection of the two roads. He expressed concern regarding EMF and health effects of transmission lines as well as the effect on property values and views of Blanca Peak. He expressed concern that he moved away from the city to get away from things like this and does not want a line anywhere near his property. He has a family member in the hospital and cannot provide a written comment and would like this phone log considered as a public comment.

The following message is a summary of a phone message received regarding the San Luis Valley – Calumet – Comanche Transmission Project. Please determine who will follow up with this caller regarding their project specific question. Once you have spoken with the individual, please email a phone log back to this address so that we can track our project communication for the record.

Thanks.

I-172-001: Environmental Consequences (In Review)

Your email/letter/comment form has been received and your comment noted. Potential environmental consequences and mitigation measures from the proposed project will be addressed in the Environmental Impact Statement.

The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.

8/20/09

Received phone message on 800# hotline.

Mr. _____ Murray - 310-913-8445

Has property in the area and wants to know what's going on.

Please return phone call.
